### Event Scheduler User Stories

1)

As an assistant, I would like to schedule events using an event scheduling software for my boss so that I can create events efficiently and send them out.

2)

As a student, I would like to schedule events using an event scheduling software so that I can create study groups efficiently with other students.

3)

As a school teacher, I would like to be able to schedule events with an event scheduling software so that I can seamlessly create meetings with parents.
